

**Olathe Health System, Inc.**, is growing and we are looking for a **Gastroenterologist** to join our system! **This is an employed opportunity.**

Olathe Health System, Inc., (OHSI) is the umbrella corporation for the integrated healthcare delivery system that has grown to support an ever-increasing service area in Eastern Kansas and metropolitan Kansas City. Compassionate, professional staff and superb facilities bring the best in healthcare to the communities served by OHSI. The non-profit healthcare system offers a wide range of care for individuals of all ages. The System is known for several centers of excellence, including Olathe Medical Center's Accredited Chest Pain Center, The Kansas Cardiovascular Center, The Birth Place and The Kansas Joint Specialty Center. In conjunction with the 300-plus physicians practicing within the system, OHSI specializes in areas such as primary care, oncology, surgery, diagnostic imaging, rehabilitation, home health, emergency medicine and hospice care. Olathe Health System, Inc. is the parent company of Olathe Medical Center, Miami County Medical Center and **Olathe Medical Services Inc.**, a network of physician clinics offering care in Johnson, Miami, Franklin and Linn Counties.

#### **Olathe Medical Center**

For more than 55 years, Olathe Medical Center (OMC) has continued to expand its services to meet the growing needs of the community. Today, OMC is located on one of the largest hospital campuses in the Midwest--a 285-acre campus at 151st Street and I-35 in southern Johnson County, Kansas. OMC is licensed for 300 beds and averages more than 44,000 patient care days per year. Its emergency care center is one of the busiest in the region, with more than 44,000 patients treated annually. What began in 1953 as a 30-bed hospital has become a regional medical center.

#### **Olathe Medical Services, Inc.**

The health system's not-for-profit physician corporation has grown to more than 100 providers and 33 clinic locations since its beginning in 1990. OMSI physicians and staff treat more than 400,000 patients per year, including more than 22,000 urgent care, walk-in visits.
