

Why have I been scheduled for an EGD? An EGD is a procedure where a long tube with a camera on the end is inserted into your mouth and guided into your esophagus, stomach and duodenum to check for any abnormalities. You will have an IV for the procedure so that you can have sedation to make you comfortable during the procedure.

When am I scheduled?

Procedure: Date: _____ Time: _____ am/pm Check in : _____ am/pm
Follow up visit for results: Date: _____ Time: _____ am/pm

This is important information that may result in your procedure being rescheduled if not followed:

Regarding your medications:

1. You **may** take aspirin and non steroidal medication(Ibuprofen, Aleve, Naproxen)
2. Iron supplements and fish oil- please stop taking these 5 days prior to test.
3. Plavix, Coumadin, Heparin, Lovenox, Pradaxa (blood thinners only).
****It is your responsibility to notify your cardiologist or primary care doctor that you are having a GI procedure and need to be directed on what to do with your blood thinners. If your doctor wants you to remain on the blood thinners please notify the office before the procedure.**
4. Diabetic Patients: Please speak with your physician that treats your diabetes regarding any possible change in the dosage of your insulin or oral hypoglycemic agents on prep day and procedure day.

5. Body Weight: Please notify the office if you weigh 350 pounds or more

- Make sure you have a legal adult available to drive you to the procedure and they must be available to stay at the hospital with you. **The procedure will not be done if you do not have a driver with you. You also need to have an adult with you the remainder of the day.**

- Call the customer service number on your insurance card to check with your insurance company to see what your coverage is going to be. Our office will attempt to pre-certify your procedure but it is your responsibility to contact your insurance company and acquire authorizations. This will minimize financial surprises as each insurance company and plan pays for this procedure differently *If you do not have insurance you will need to contact the office to arrange for payment prior to the procedure. Please call Billing at 913-393-5267 to make payment.

THE DAY OF THE PROCEDURE:

- NOTHING TO EAT OR DRINK AFTER MIDNIGHT**

Patients on heart, lung, blood pressure, or seizure medicine need to take their daily medication with a sip of water per their regular routine. NOTIFY THE NURSE IN THE GI LAB WHAT MEDICATIONS YOU HAVE TAKEN TODAY.

- Check in to Olathe Medical Center Patient Registration by the Emergency room on the back side of the hospital one and one half (1 ½) hour prior to your procedure time. Please do not come to the doctor's office. You will have a long walk to get to registration and will be late checking in.

There may be a fee for all no shows and cancellations made less than 24 hours prior to the scheduled procedure. This fee is not covered by insurance.
