

# COVID-19 Vaccine Scheduling Information

*If you want:*

## TO SCHEDULE AN APPOINTMENT

### ONLINE

The best way for patients to schedule a vaccine appointment is online using our Patient Portal. (If you are a patient and do not have a portal account, contact your primary care clinic to get signed up.)

### PHONE

If you are a patient with an Olathe Health primary care doctor and don't wish to schedule online, please call your primary care clinic to schedule your vaccine.

If you are a patient who has received care at Olathe Medical Center, Miami County Medical Center or an Olathe Health Physicians specialty clinic and don't wish to schedule online, please call our scheduling hotline at 913-782-2224.

If you are NOT a patient, please call any Olathe Health primary care, or specialty, clinic or you may also use our scheduling hotline at 913-782-2224.

## HELP WITH PATIENT PORTAL

### Set up a new patient portal

Call your primary care clinic; if no primary care clinic, call your specialty clinic.

### Need help with login, password resets or general navigation support

Call 1-877-621-8014, 24 hours a day, seven days a week.

### Other portal questions

Call 913-355-4217, Mon-Fri 8 a.m.-5 p.m. or email [patientportalquestions@olathehealth.org](mailto:patientportalquestions@olathehealth.org).

*Please note: We will be receiving limited supplies of vaccines from KDHE and the local health departments as they become available. We anticipate appointment slots will fill up quickly. Thank you for your patience as we work with the state to get everyone vaccinated.*
