

Pardon Our Progress

Exciting Enhancements Happening at Olathe Medical Center

Olathe Health patients and visitors:

Construction is taking place in several locations throughout Olathe Medical Center (OMC) and Doctors Building 1 (DB1) over the next few months. These enhancements will have a positive impact on patient care and the patient and visitor experience in our facilities.

You may experience some noise and traffic flow changes inside and outside the building. We apologize for any inconvenience and appreciate your understanding during these temporary occurrences.

Signs will be posted to clearly communicate the closures and traffic flow changes. Please ask any Olathe Health associate if you have questions or need help getting to your destination. Thank you!

OMC Projects:

- Renovating 5th floor to add additional private rooms and enhance the overall appearance
- Renovating OMC main lobby, including restrooms and elevators
- Upgrading MRI machine in hospital
- Replacing main hospital roof

DB1 Projects:

- Suite 105 renovations for a new clinic
- Renovating west entrance to expand driveway and enhance walkway and landscaping
- Renovating DB1 main entrance and lobby

OMC Closures and Re-Routes

DATE	CLOSURE	RE-ROUTE LOCATION
3/22 - May	Main OMC parking lot and entrance	Temporary main entrance through Patient Registration by Emergency Care Center
3/22 - May	Access to the Gift Shop and lobby elevators through main entrance	Use walkway between Daily Dose and Café 151 seating to access Gift Shop and elevators
3/22 - May	Chapel	Consultation room in the Surgery Family Room will be a designated "quiet space" to use during this time
3/22 - May	OMC lobby restrooms	First floor restrooms are located near the Emergency Care Center and Patient Registration, in The Birth Place and in Doctors Building 1

DB1 Closures and Re-Routes

DATE	CLOSURE	RE-ROUTE LOCATION
3/29 - May	DB1 main entrance	Temporary main entrance door will be located in the same area, just to the right of the current main entrance
3/29 - May	West exit, near ENT clinic in Suite 106	Exit through main DB1 north entrance or south entrance near Auburn Pharmacy

Construction Starting Monday, March 22

Due to construction, we will have several temporary entrances and parking lot closures and traffic flow changes. The changes will last about two months, and could vary based on location.
